# Year 3 Home Learning

## Theme: Hail Caesar!

### Summer Term 1 Week two

# English lesson 1

Practise spelling the following words: famous, favourite, February, forward and fruit  
Challenge: write each word in a sentence.

Improve these sentences by adding a fronted adverbial.

1. \_\_\_\_\_, the two men snuck into the hotel to find their lost mothers priceless handbag.
2. \_\_\_\_\_-, the while crashed into the ocean, sending the waves soaring into the sky.
3. \_\_\_\_\_, the fireworks had all but finished and the small family of three turned and headed back for the car.
4. \_\_\_\_\_, the roman emperor decided to make his horse the leader of the government.
5. \_\_\_\_\_, the brave warrior trudged into the great hall, dragging the head of the minotaur behind him.

# English lesson 2

Practise spelling the following words: grammar, group, guard and guide  
Challenge: find the definition in a dictionary or online.

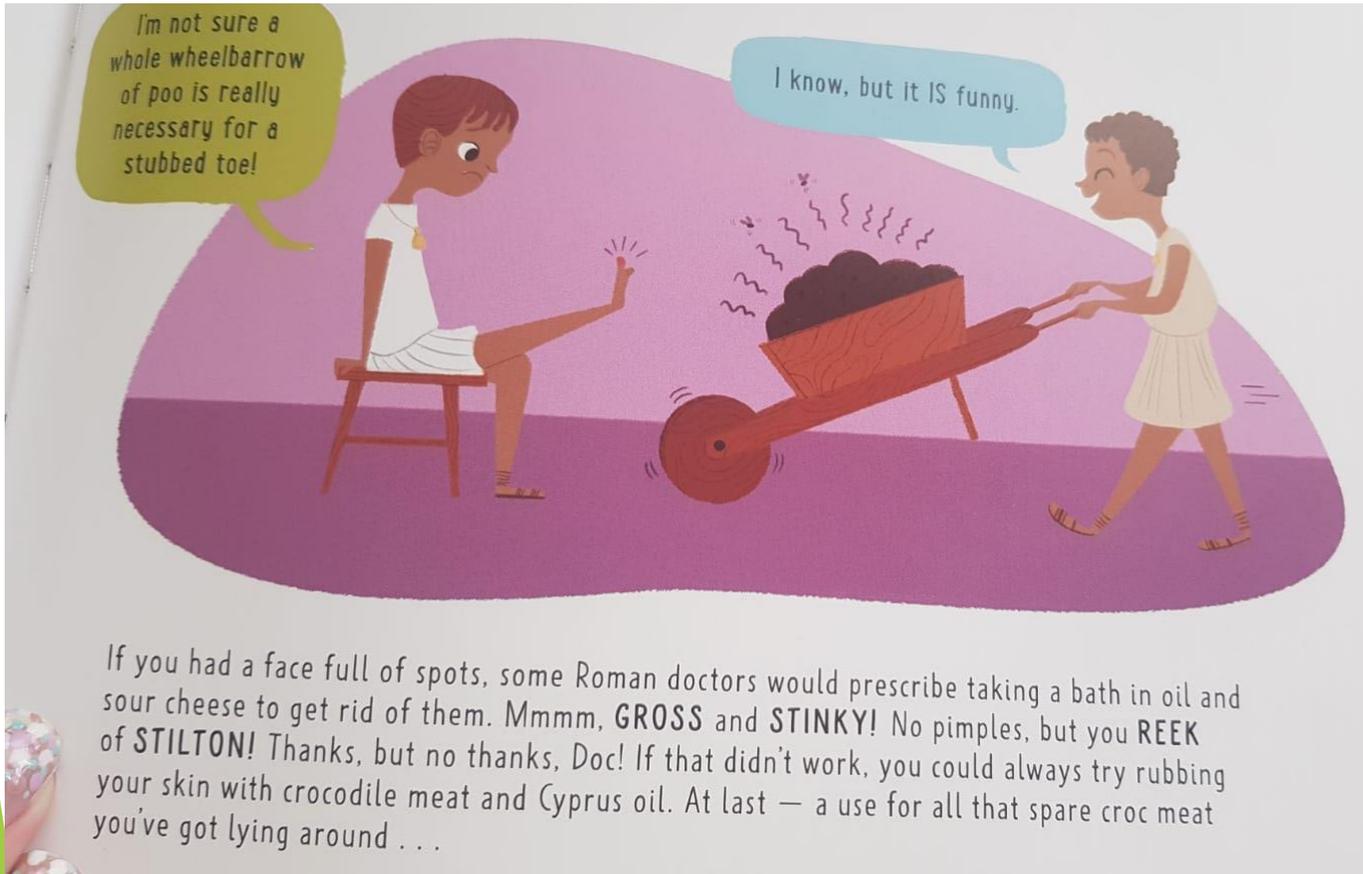

What do you think each person is saying in the picture? In your book, write a sentence for each speech bubble.

Hint: one is the doctor, and the other person is the patient.

# English lesson 3

Practise spelling the following words: heard, heart, height and history

Challenge: create your own word search including all of these words and see if an adult or sibling can find all of the words.

Answer the following questions in your book:

**Looking:** If I got some poo to rub on to my toe, what would be making me ill in Ancient Rome?

**Clue:** Would you like to visit a doctor in Ancient Rome? Explain why.

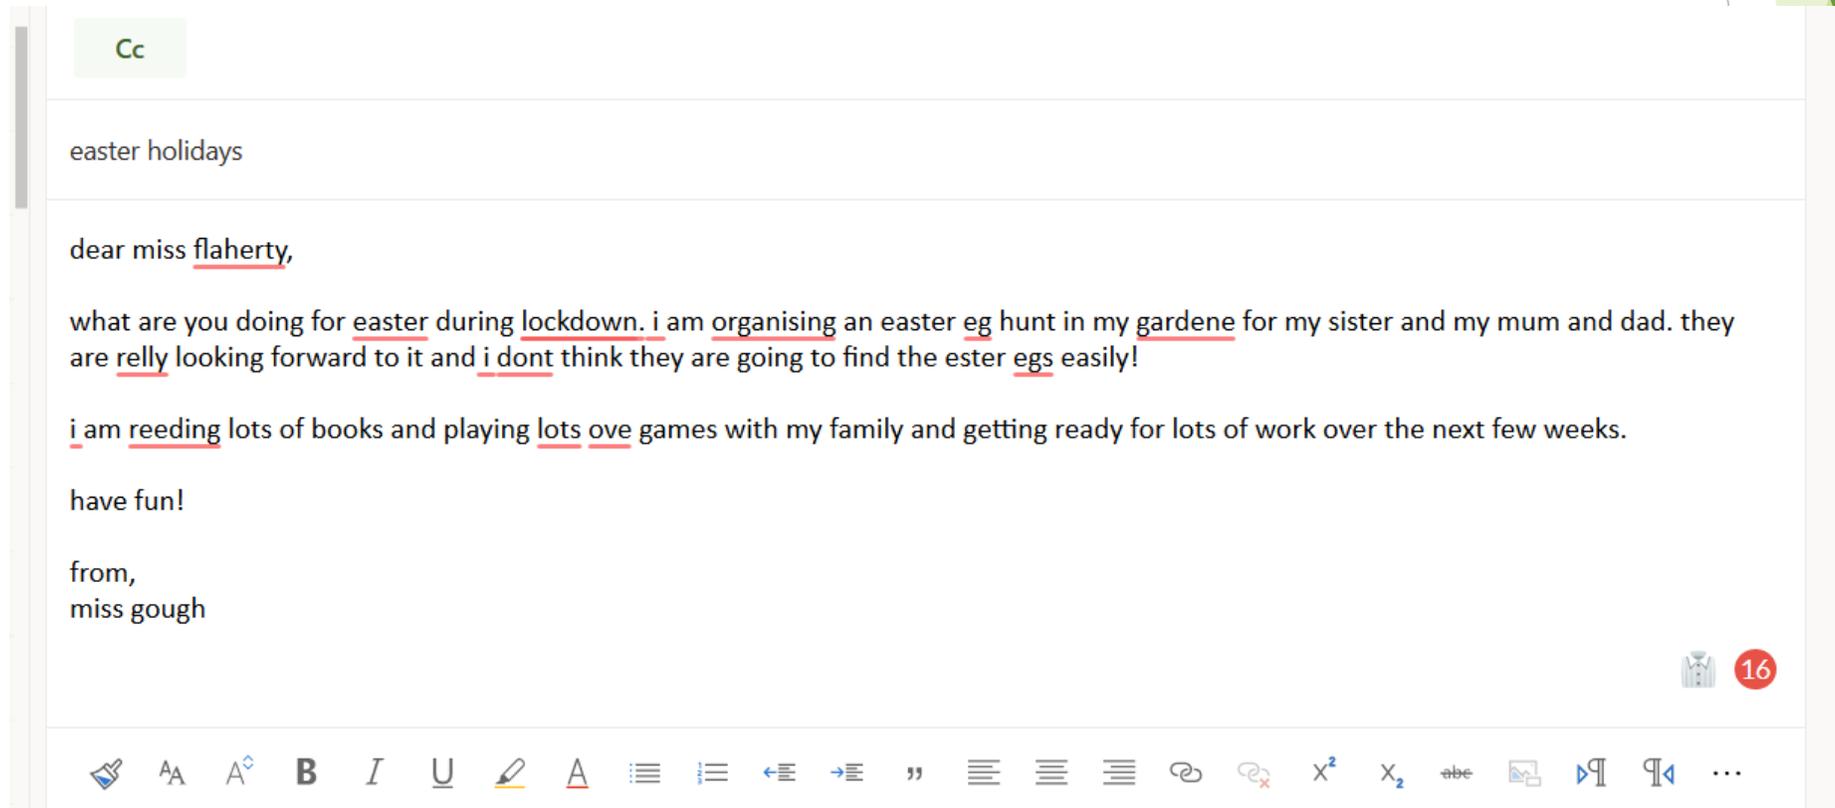

**Thinking:** Medicine has come a long way thanks to science, but some people believe that magic, smelly oils and crystals can make people better just as well as medicine can. What do you think?

# English lesson 4

Practise spelling the following words: imagine, increase, important, island, knowledge, learn, length and library

Challenge: write each word carefully and write the vowels in a different colour.

Miss Gough is very sleepy, and she's making lots of mistakes in her email! Re-Write the email in your book with the correct capital letters, full stops, spellings and question marks.

Cc

easter holidays

dear miss flaherty,

what are you doing for easter during lockdown. i am organising an easter eg hunt in my gardene for my sister and my mum and dad. they are relly looking forward to it and i dont think they are going to find the ester egs easily!

i am reeding lots of books and playing lots ove games with my family and getting ready for lots of work over the next few weeks.

have fun!

from,  
miss gough

Rich text editor toolbar: Bold, Italic, Underline, Text color, Background color, Bulleted list, Numbered list, Indent, Outdent, Quote, Unquote, Link, Unlink, Undo, Redo, Table, Insert image, Print, Full screen, and More options.

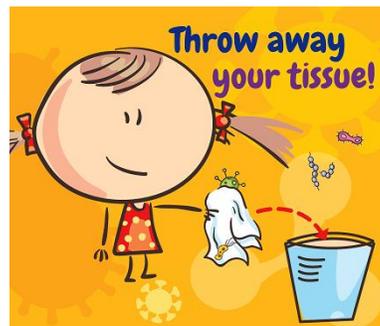

# English lesson 5

Practise spelling the following words: material, medicine, mention, minute, natural, naughty and notice.

Challenge: write a short story including 10 spellings you have learnt this week.

Imagine you are alive in Ancient Rome. The coronavirus is making people sick, but they don't know how to look after themselves. Design a poster with some of the most vile and disgusting medicines that the Romans used to help keep them safe from the virus!

They might wash their hands in stinky donkey poo, or take a bath in some wee!

# In maths the focus will be telling the time

## Star Words

**hours** - 24 hours in one day. 60 minutes in 1 hour.

**minutes** - 60 minutes in 1 hour. 60 seconds in 1 minute

**hour hand** - the long hand on an analogue clock

**minute hand** - the short hand on an analogue clock

**minutes to**

**minutes past**

**a.m.** - ante meridiem, which is Latin for Before Midday

**p.m.** - post meridiem, which is Latin for **After Midday**

**chronological order** - putting things/events in order of when they happened from the beginning to the end.

For example: In the morning I woke up. Later that day, I ate my lunch and watched TV. Finally, I went to sleep

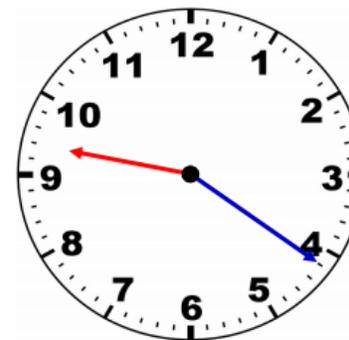

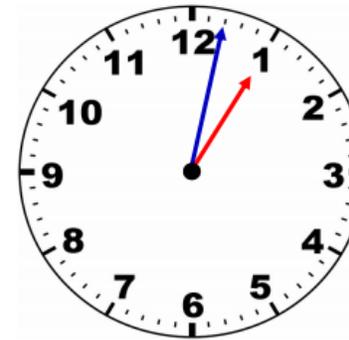

# Maths lesson 1

LT: telling the time using a.m. and p.m.

Write down the time you may do these activities.  
Include a.m. or p.m. to show the time of day.

 _____ _____ p.m.	 <u>Half past two</u> <u>a.m. or p.m.?</u> Decide if a.m. or p.m. is sensible for this time and circle the correct one	 _____ _____
 _____ _____	 <u>Half past two</u> <u>a.m. or p.m.?</u> Decide if a.m. or p.m. is sensible for this time and circle the correct one	 _____ _____

Write the time in words for each clock. Draw a picture to show what you would be doing at this time of day. You need to decide if it is a.m. or p.m.

# Maths lesson 2

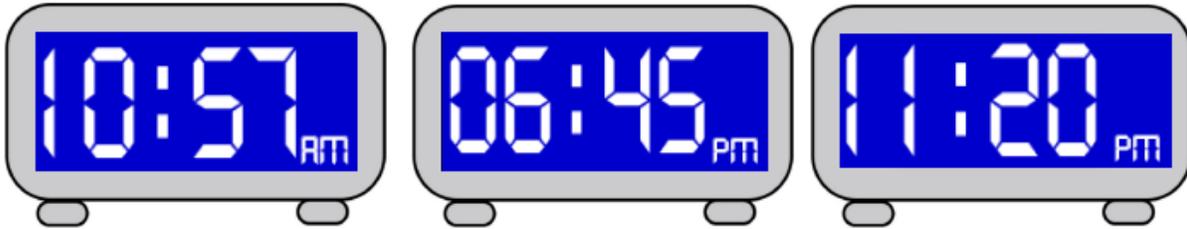

LT: Read and order times in words, analogue or 12-hr digital formats

Do Now - true or false

$$3 \times 6 = 18 \quad 6 \times 3 = 18$$

Order the times from the earliest to the latest time in the day

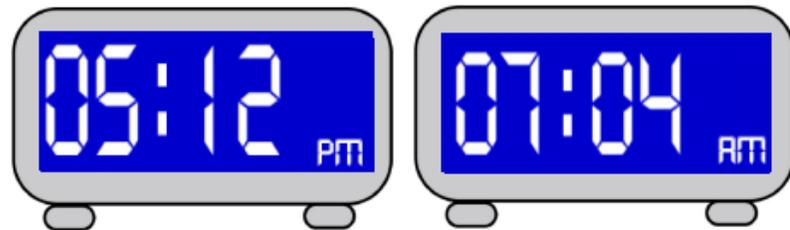

A)

B)

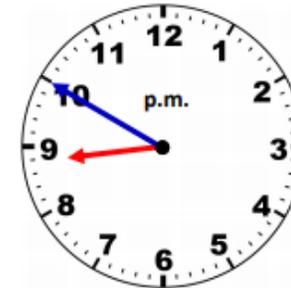

C)

Five to  
twelve in the  
morning

D)

Three minutes  
past nine in  
the evening

E)

Ten to six in  
the morning

# Maths lesson 3

## LT: Understanding the units of measured time

Do Now - recall your 4 times tables

Hop - Tick the unit of time it would take to complete these activities.

Activity	Seconds	Minutes	Hours
Flying to Spain on a plane			
Walking to the shops with your family			
Turn the page in a book			
Cook a pizza			
Watch a film			
Put your shoes on			

Skip - Sort these statements into true or false (you can think of your own if you wish)

It will take hours to eat a pizza.

It will take seconds to write my name.

It will take hours to throw a ball to a friend.

It will take minutes to turn the tv on.

It will take seconds to run a bath.

It will take hours for the water in a kettle to boil.

# Maths lesson 4

LT: to calculate and compare intervals given start and finish times.

Do Now - recall your 8 times tables

Film	Start time
The Lion Princess	04:45pm
Back to Wizardland	06:10pm
Space Attack!	07:55pm
The Fire	10:10pm

Film	End time	Which of these two films is longer?
The Lion Princess	05:55pm	
Back to Wizardland	08.25pm	

Film	End time	Which of these two films is shorter?
Space Attack!	09.05pm	
The Fire	11.45pm	

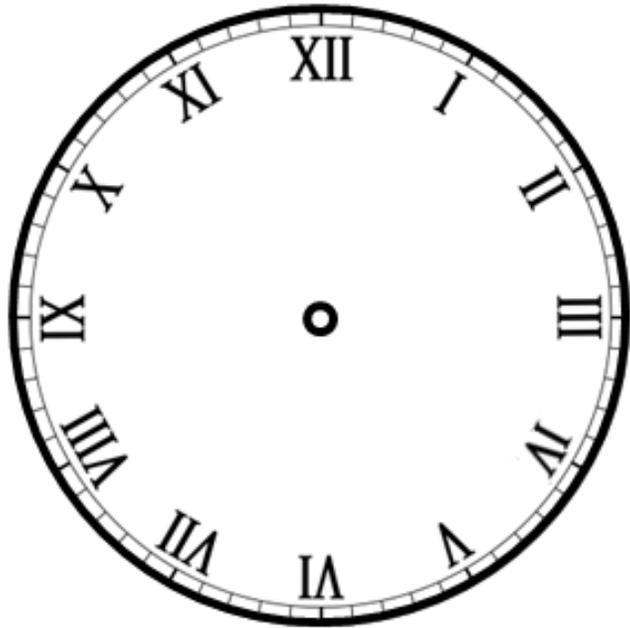

# Maths lesson 5

LT: to recognise Roman numerals to 12

Do Now

$$765 + 127 = \quad 341 + 239$$

Hop - write the Roman numerals next to the correct number

1 =

2 =

3 =

4 =

5 =

6 =

7 =

8 =

9 =

10 =

11 =

12 =

Skip - Create a poster about time including analogue, digital, A.M., P.M., Roman numerals

# Topic lesson

## 1 - Art

► Using either clay, playdough, salt dough, coloured pencils, paper, cardboard or anything you can find in the house (with your parents or carer's permission!) choose one of these designs by the ceramicist (someone who makes pottery) Sarah Miller and try to recreate it yourself. Take a picture, or do it in your book!

► Challenge: research another famous ceramicist and have a go at replicating some of their designs

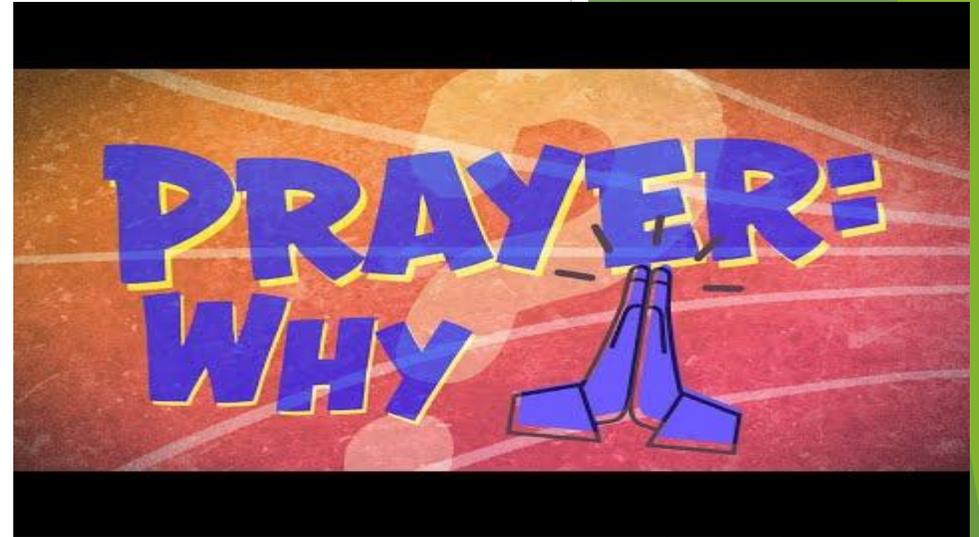

# Topic lesson 2 - RE

What is prayer?

Christians, Muslims and Hindus all pray, for lots of different reasons. Watch the videos about why people pray, and the power some people believe prayer has and then complete the task below.

Write your own prayer to a God (or gods) of your choice and illustrate it in your book. You could pray for absolutely Anything! Think about all the things you might want to tell your best friend that you could also tell the deity of your choice.
