

Dear parent/carers

Free School Meal Provision Update.

As per the latest Government guidance issued yesterday, we would like to inform you that from Monday the 18th January 2021 we will be issuing the Free School Meal vouchers as we did during the last school lockdown to parent of pupils who are not attending school.

We are currently awaiting further instruction from the DFE as to when these vouchers will be issued so we ask for your patience at this time.

Please note we have been instructed that we will be using the same system as before and the vouchers will be sent by email. Therefore, if you have changed your email address recently, please call the school office as soon as possible so we can ensure your vouchers are sent to the correct email address.

Thank you for your continued support

Mrs L Tomlinson

Head Of School
